

Student application guide

The application is split into three parts:

Page

Tell us about yourself

2

University

3

Get to know you better

5

Additional

7

Tell us about yourself

This'll form the base of your profile

What you'll need to provide is:

- name,
- where you live,
- email,
- phone number,
- CV/resume,
- and other personal links.

Where you live

Don't write out your full address, your suburb is enough so that we can match you to places a reasonable distance away.

CV

Ensure you have an up to date CV so we can get an understanding of your experience and skills.

We know that the standard is max two pages but if you wish to extend it we accept up to three pages.

However we do take into account how you communicate with your CV so keep it clear and concise.

Other personal links

We provide you a space to share any personal websites or socials. It is recommended to place your LinkedIn.

For journalism you may include your Muck Rack, for fine arts it may be a portfolio website or social.

University details

You will be required to provide:

- Your degree,
- How many semesters you've completed,
- What industry/industries you're interested in,
- and your University transcript.

Your degree

What's the name of your degree(s)? Also include any Majors, Minors and Specialisations you're completing.

How many semesters have you completed?

If you underloaded, please give the full-time equivalent. For example, if you have completed one semester at half-load, you should enter 0.5.

Also, include how many semesters to complete your degree.

Example answer: 4.5/8 semesters

What industry are you interested in working in?

The industry/industries you indicate will be the ones we will attempt to match you to. We will also offer you ones in similar industries.

University transcript

Unofficial transcript works too. Ensure your **name** or ID number is on the document.

Let's get to know you better

This'll help us determine how you fit to the company culture.

The questions in this section are:

- What's your dream job?
- Do you have any personal projects?
- What are your interests and hobbies?
- How do you like to work?
- Is there anything else you'd like to share with us?

Be honest and let us understand who you are. Show us your personality and get us excited about you.

What's your dream job?

If you could have any job in the world, what would it be?

It could be something in your industry or it could be something if you didn't have to worry about money.

Do you have any personal projects

Have you created/worked on/contributed to something that you'd like to share. eg. a side hustle, a blog etc.

What are your interests and hobbies?

We know there's more to life than coursework so what do you do outside of your studies? What brings you joy? What wakes you up in the morning?

How do you like to work?

This is a 5 question little quiz where we understand your work style to match to the companies. Be honest, don't try to tell us what you think we'd want to know.

Is there anything else you'd like to share with us?

Do you have any fun facts about yourself, hidden talents, skills or something you think we'd like to know?

This is your last chance to tell us about any life experiences, accomplishments, aspirations and dreams you think would help us know who you really are.

Additionals

To finish the application we have an:

- **Upload space,**
- **and we ask you how many days you'd like to work.**

Upload space

We offer you a space to upload any documents, videos etc. that you'd want to share with us.

How many days per week

We understand how inconsistent uni schedules are, so we give you the flexibility to select the number of days you'd like to work. **We request that you allow at least two days a week.** When we connect you to a company you can negotiate on this number. Please provide a rough estimate.

Program lengths can range between 3 - 12 weeks.
